## PROFILE SUMMARY

---

Motivated Computer Science graduate with hands-on experience in full-stack development and a solid grasp of OOP, data structures, and algorithms. Proficient in Java, C++, and JavaScript, with practical skills in React.js, Next.js, Node.js, Express, MongoDB, and MySQL. Adept at building responsive, user-focused web apps and RESTful APIs. Quick learner and collaborative team player, passionate about solving real-world problems through clean, efficient code.

## EDUCATION

---

### Chameli Devi Group of Institutions

*Bachelor of Technology in Computer Science*

Indore, MP

July 2020 – July 2024

### Bihar School Examination Board

*12th Standard*

Patna, Bihar

April 2018 – May 2020

### Bihar School Examination Board

*10th Standard*

Patna, Bihar

March 2017 – April 2018

## TECHNICAL SKILLS

---

**Programming Languages:** C++, Java, JavaScript, MySQL

**Web Technologies:** HTML, CSS, Tailwind CSS, ReactJS, NextJS, Material UI, Redux, Rest API

**Core Fundamentals:** Object Oriented Programming, Database Management System, Data Structures and Algorithm

**Developer Tools:** Git/Github, VS Code, Canva, Postman

## PROJECTS

---

### Get Me A Chai | *Tailwind CSS, MERN Stack, NextAuth, Context API*

February – April 2025

- Developed a full-stack web application that allows **creators** to receive **support** from fans through **donations**. The platform includes **authentication**, **user dashboards**, **payment processing**, and **profile management**.
- Designed and implemented a **responsive** and **interactive** UI with React.js, Next.js, and Tailwind CSS.
- Integrated **NextAuth.js** for **secure user authentication with GitHub** and **custom callbacks** for **session handling**.
- Developed **MongoDB-based database models** for users and payments using Mongoose.
- Implemented **Razorpay** for seamless payment transactions, including verification and status updates.
- Built **dynamic user dashboards** to update profiles, display supporters, and track payments with real-time data.

### Learniverse | *HTML, CSS, JavaScript, Bootstrap*

February – April 2024

- An educational web application that provides **personalized learning paths**, **skill-based courses**, and robust analytics to **bridge the gap between education and industrial demand**.

## EXPERIENCE

---

### Web Developer Intern

*InnoByte Services*

November – December 2024

*Delhi, India*

- Redesigned the official website of **King Sukh Guest House** to enhance user experience, responsiveness, and visual appeal
- Worked with stakeholders to define goals, understand the audience, and create a modern, user-friendly website layout
- Enhanced performance with lightweight code, optimized images, and **SEO integration**, and ensured compatibility through thorough cross-device and browser testing before deployment
- Delivered a visually appealing and user-friendly website that significantly improved customer engagement and effectively promoted the guest house's services

## ACHIEVEMENTS

---

- Successfully completed the **100 Days of Learning Challenge**.
- Solved Over **350+ Coding Questions** on Different Coding Platforms like GeeksforGeeks and Leetcode
